Nicholas

Hope this email finds you well.

We are aware the "Institute for Action Against Discrimination" sent letters to Congress this week making allegations of race based discriminations in Guyana. We understand that this entity is a shell for operatives of the opposition party (Peoples Nation Congress)(APNU). While we reject such allegations as knowingly false and baseless, we would like an opportunity to address those with facts. So we'd like to request if you would share the full text of the letter to do so. Below I have included the cover letter.

Thank you for your time and attention

Thanks again
Manny
